

Advance Care Planning & ReSPECT Training

We are delighted to be providing this Advance Care Planning and ReSPECT education programme for 2024.

This training is commissioned by the Black Country Training Hub and is free to attend for Nurse and AHP Advanced Clinical Practitioners in General Practice who wish to expand their knowledge of end of life care and advanced care planning, based in the Black Country

Course objectives:

- To understand what Advance Care Planning (ACP) is and the benefits
- To describe how the Mental Capacity Act (MCA) relates to ACP
- To identify how to communicate ACP with patients and families and recognise common barriers
- To be able to understand and explain the ReSPECT process
- To demonstrate how to record recommendations on ReSPECT forms
